KNOW YOUR FOOD

Souvlaki – Pronunciation “Soo-VLAH-kee”

In Greece, the word “Souvlaki” is used both broadly to refer to Greek “street food culture”, and literally, as its meaning “small skewer” (like a shish-kebab).

Gyro – Pronunciation “YEE-roh”

The word “Gyro” literally means “around” or “spin” referring to the way that the meat is cooked, spinning around on the vertical rotisserie, not the pita sandwich. Gyro can be made from any meat but in Greece the most common and popular is pork, while lamb is reserved for special occasions.

At Souvlaki Boys we use 100% fresh, local pork which is hand-cut, seasoned and stacked daily to provide not only the most authentic taste but the best quality product possible.

THE STORY OF SOUVLAKI BOYS

Souvlaki Boys is dedicated to bringing “Real Greek Street Food” to America. Mike is a 1st Generation Greek-American who was born and raised in Lancaster, PA. After graduating college from the Culinary Institute of America and spending much time in Greece, Mike decided it was time to bring the flavors he loved back to his hometown. Mike began Souvlaki Boys in 2012 with his cousin Pete. They were just two boys serving souvlaki and more from their food truck, hence the name.

At Souvlaki Boys we have a passion for the food and hospitality of Mike's Greek roots and a desire to share it with the world. By using healthy ingredients, prepared fresh and from scratch, we serve the authentic taste of Greece's “street food” aka “Souvlaki” for Lunch, Dinner, Catering and Special Events. We hope that you will join us at Souvlaki Boys Grill or have our Food Truck out for your next event to experience it for yourself.
